DOJ PROCUREMENT ADVISORY

June 2011   **#2011-10**

June 2011, Integrated Acquisition Environment (IAE) Consolidated Change Control Board (CCB) Update

Purpose

The purpose of this and future *IAE Consolidated CCB Update* Procurement Advisories is to disseminate information provided during the monthly General Service Administration (GSA), IAE Consolidated CCB meetings throughout the Department of Justice (DOJ) acquisition workforce.

June 2011 - IAE CCB Meeting Notes

Two topics dominated the agenda for this meeting. They were the announcement of Service Pack V1.4 SP11.0 installation, which was completed on June 23rd, and the review of the project status and upcoming activities scheduled for the System for Award Management (SAM).

FPDS Service Pack V1.4 SP11.0
Please refer to the release notes for FPDS Service Pack V1.4 SP11.0 for a detailed list of solutions, including the software and data fix made in this release. The release notes can be found at https://www.fpds.gov/wiki/index.php/V1.4_SP11.0.

Testing is scheduled to begin on upcoming Service PACK V1.4SP12 around September 19th. Components are encouraged to participate if possible. Please contact the FPDS Helpdesk on 703-390-5360 for registration information. Deployment of Service PACK V1.4SP12 is scheduled for October 7, 2011.

SAM status and scheduled activities
One more step has been completed in defining the SAM governance structure. The IAE Consolidated CCB has been established. On June 10, 2011, the Acquisition Committee for E-Government (ACE) and the GSA IAE requested nominations to the Consolidated

CCB. The Consolidated CCB is comprised of one member from each of the 24 Chief Financial Officer Act agencies. Each member is responsible for coordination with affected communities, for assessing the impact of change requests to the IAE budget, and to the overall function of the federal business processes addressed by the IAE systems. The DOJ nominations to the CCB were Dennis McCraw (primary member), and alternates Kenneth Houser (ATF) and Carol Burger (DEA).
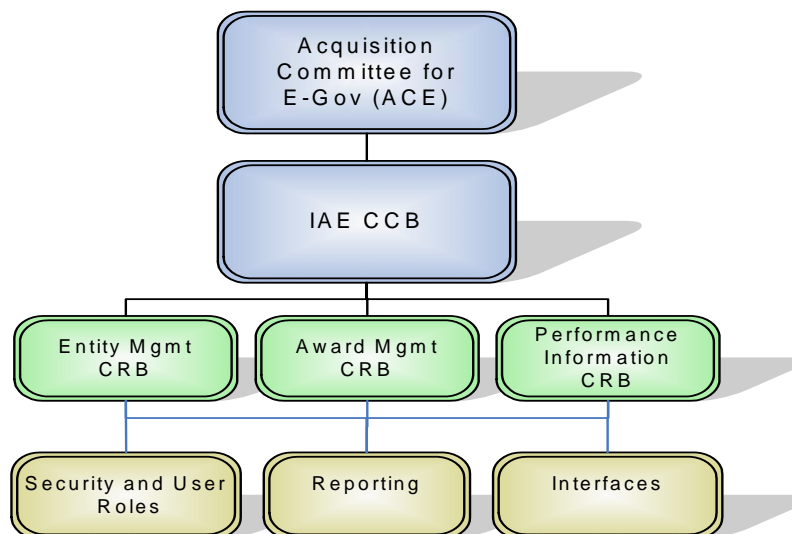

Initially, the IAE Consolidated CCB will govern the following six IAE systems:

• Catalog of Federal Domestic Assistance (CDFA)
• Central Contract Registration (CCR)
• Federal Agency Registration (FedReg)
• Federal Business Opportunities (FBO)
• Federal Procurement Data System (FPDS)
• Electronic Subcontracting Reporting System (ESRS)
• Online Representations and Certifications Application (ORCA)

As SAM requirements are completed, the legacy system capabilities will be governed in an appropriate Change Review Board (CRB). A call for members will be made each CRB will be made. There will ultimately be three CRB's. One for each SAM functional area:

► Entity Management (CCR/FedReg/CRB),
► Award Management (ESRS, FBO, FPDS, WDOL)
► Performance Information (EPLS)

The final SAM governance structure will appear as follows:

For detailed information regarding the SAM governance structure please see the attached *SAM Update-Project Status and Upcoming Activities* slide deck, which was presented at the June 2011, IAE Consolidated CCB.

<u>Additional Information</u>
